8 August 1968

MEMORANDUM FOR: Deputy Director for Support

SUBJECT : Weekly Report of the Office of Training

1. Agency Offered Three Spaces in DODCI Senior Course

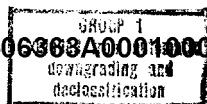

The DOD Computer Institute has offered the Agency three spaces in the next Senior Executive Course beginning 26 August. Our largest quota to date came about because of the unusually heavy number of transfers of Flag rank military officers. One space each has been allocated to the O/DDI, O/DDS, and O/DDS&T for this one-week program for supergrades.

The Agency has also been given one space for the September and October runnings of the Intermediate Executive Course at DODCI. These have been offered to the O/DDS.

2. New Federal Executive Institute Calls for Nominees

A 14 August deadline has been placed on nominations for the first class at the Federal Executive Institute at Charlottesville beginning 14 October. The Agency has been allotted one space in each of three FY 1969 sessions. The program, an eight-week residence for GS-16s and above, will offer top-level career executives intensive courses designed to bring greater effectiveness to the administration of Govern-

Nominations for participation will be reviewed by the Agency Training Selection Board which will make recommendations to the DDCI for his approval. Our quotas will be filled on an Agency-wide basis with a principal and alternate to be selected for each space. All participants must attend on a completely overt basis.

3. South Vietnam Training Instructor to Brief Fort Holabird Officers

While monitoring several courses given at Fort Holabird on Vietnam-related training, a member of the SVNOC (South Vietnam Operations Course) staff noted that civilian aspects of some of the U.S. Government's programs in Vietnam are being slighted, thus giving Vietnam-bound military officers a somewhat distorted picture. To supply a hoped-for antidote, the Chief of SVNOC will visit Holabird in the near future to brief selected instructors on the dual military-civilian role in Vietnam as well as some of the latest developments in the programs. There will, of course, be no direct criticism of the current coverage given at Holabird.

4. Non-Agency Briefings

During this reporting period, the following non-Agency briefings were given:

At Headquarters, Major General W. Wisman, Deputy Director for Operations (J-3), and Brigadier General J. Gibbons, General Wisman's replacement, on the mission and functions of the Agency. (General Wisman's next assignment will be Deputy Chief of Staff for
